ERMA GREENE IS CONTEST WINNER

WILL REPRESENT M. H. S. IN THE FINALS HERE FRIDAY.

LOCAL TRIO PLACES IN THE SONG EVENT

Makes "Hit of Evening With Selection "William Tell"—Burlington Junction Also Represented.

Miss Erma Greene of Maryville, Miss Gladys Praiswater of Burlington Junction and the Maryville High school trio were the Nodaway county winners in the preliminary contests held at Mound City last night for the purpose of determining the contestants for the finals at the Normal auditorium next Friday night.

Miss Greene took first in the declamatory contest; Miss Praiswater was second in the extemporaneous speaking contest, and the Maryville trio consisting of Clarence Cook, Donald Hagins, Roland Curnutt, with Virgil Rathbun accompanist, won second in the public school music contest with their selection, "William Tell."

The judges in the declamatory and extemporaneous contests were: Superintendent Ross of Fairfax; Superintendent Adams of Skidmore and Prof. P. Glenn of Jacksonville, Fla., a former teacher at Mound City.

The judges in the music contest were: Mrs. Jess Scott, Mrs. C. C. Munn and Mrs. Will McRoberts, all of Mound City.

The following towns from district No. 1, consisting of Atchison, Nodaway, Holt, Andrew and Buchanan counties were represented in the preliminaries: Maitland, Tarkio, Burlington Junction, Maryville, Mound City, St. Joseph, Savannah and Bolckow.

At 7 o'clock in the evening try-outs to eliminate a number of the contestants were held, and the regular preliminary contest followed.

In the preliminary contest after the try-out Francis Walton of Burlington Junction and Clark Evans of Maryville represented Nodaway county in extemporaneous speaking.

In the girls' extemporaneous speaking contest, Miss Praiswater of Burlington Junction and Miss Etha Henderson of Maryville represented Nodaway county.

In the oratorical contest Virgil Robinson of Barnard was the representative of the county. In the girls' declamatory contest, Miss Greene of Maryville was our representative.

Four musical numbers were given: Song, Miss Hilda Barbour, Burlington Junction; duet, by Misses Fern Campbell and Lucille Gardner of Barnard with Miss Georgie Strader also of Barnard, accompanist; a quartet from Tarkio consisting of Misses Esther Hanson and Oberia Dragoo and Charles Goldsberry and Howard Duncan, with Miss Elizabeth Hall as pianist. The Tarkio quartet won first place.

The Maryville trio made the "hit" of the evening, their selection bringing wild applause from the audience. The judgment of the greater part of the audience was in favor of giving them first place in the contest as was evidenced when the judges announced their decision giving Tarkio first honors.

Miss Greene' who won in the declamatory contest gave an extract from "Patsy," by Kate Douglas Wiggin. She is sure to place in the finals since there are four districts with one representative from each district, and only four places in the final contest.

The following winners from the other counties of the district will compete in the finals next Friday evening:

Extemporaneous speaking: Otto Modeer, St. Joseph, 1st; and Ray Weightman, Mound City, 2nd.

Oratorical contest, Mr. Trapp, St. Joseph, 1st; and Clarence Carmichael, Mound City, 2nd.

Declamatory contest, Elizabeth Long, Tarkio, 2nd.

Girls' extemporaneous speaking, Miss Ruth Levin, St. Joseph, 1st.

Miss Amy Barrett a Normal student, went to Skidmore to visit over Saturday and Sunday with her parents.

Mrs. Mary Litchfield of Kansas City is visiting for a few days with Mrs. William Everhart.

ELM GROVE IS IN LINE

L. H. Frazee Calls Meeting of District Members to Organize Food Production Campaign.

The Elm Grove school district will respond to the call of America at 8 o'clock next Tuesday evening, when its members will meet for the purpose of taking active part in the food campaign.

According to instructions received from the Department of Agriculture of the University of Missouri, L. H. Frazee, the clerk of the district, "set the ball rolling." He has sent notice to all of the persons in the district and will expect them to be at the meeting in order to organize an effective production campaign.

At the meeting Tuesday evening, a chairman and the necessary committees will be chosen and resolutions pledging support to America's war cause will be passed.

LAST YEAR'S MEET

EXCELLENT RECORDS MADE THEN WILL LIKELY STAND.

ENTRIES SLOW COMING

But in Spite of Delay, Officials Feel Confident That Record Number of Schools Will Compete.

While this year's track meet will in all probability surpass all others in point of attendance and competition, few if any records are likely to fall. The meet has become recognized as one of the best in the state, and the records are exceptionally good for a high school meet.

Last year five records were smashed and two equalled. Three of the records broken were established by Bob Simpson in 1913, the high jump, running broad jump, and hop-step-and-jump. The last of Simpson's records have now "gone by the boards," and all others established in 1913 or before have been equalled or surpassed.

However, there are one or two more records that may fall this year if the track is in good shape. Reports from St. Joseph say that Sellers, the present holder of the record for the quarter, is running the distance in 54 seconds. And according to all indications, the hop-step-and-jump record is due for another fall this year when Ralph Yehle of Maryville limbers up for action. The high jump and pole vault records also may fall, but there is little likelihood of any others being broken. The records as they now stand are as follows:

100-yd. dash: Niedorp, St. Joseph Central, 1913, equalled in 1916 by Castle of the same school. 10 1-5 sec.

Pole vault: Younger of Maitland, 1915, 10 ft., 8 in.

Shot-put: White of Tarkio, 1914, 40 ft. 8½ in.

120-high hurdles: Rice of St. Joseph Central, 1914, equalled in 1916 by Cash of the same school. 17 sec.

Discus: Burkhart, Albany, 1912, 108 ft. 11 in.

220-yard dash: Niedorp of St. Joseph Central, 1913, 23 4-5 sec.

Running high jump: Stone o. Ridgeway, 1916, 5 ft. 6¾ in.

Hop, step and jump: Yehle of Maryville, 1916, 42 ft. 8½ in.

Half mile run: Saville of Grant City, 1914, 2 min. 9 4-5 sec.

220-low hurdles: Castle of St. Joseph Central, 1916, 27 1-5 sec.

Running broad jump: Castle of St. Joseph Central, 1916, 21 ft. 9½ in.

440-yard dash: Sellers of St. Joseph Central, 1914, 55 sec.

Standing broad jump: Vandeventer of Mound City, 1915, 10 ft. 5¼ in.

Relay, half mile: St. Joseph Central, 1916, 1 min. 40 3-5 sec.

Entries for the track meet are coming in very slowly. Only two, Guilford and Savannah, were received this morning, although the time expires tonight.

In spite of the delay of schools in sending in their entries, those in charge of the meet are confident that there will be more entered than ever before. Of the nine schools entered, four are competing for the first time This leaves fifteen schools which were entered last year yet to come in. Most of these have written Prof. H. P. Swinehart that they will be here, but the entries have not yet been received. They will probably be received some time during the course of the day.

J. T. Russell of Skidmore is in Maryville on business today.

THE U. S. DEBT

WITH LATEST WAR BONDS THE AMOUNT IS NOW $6,445,000,000.

IS RAISED BY TAXATION

Ways and Means Committee Now At Work on Scheme to Provide for Increased War Expense.

(By W. C. Van Cleve).

Washington, D. C., April 16, 1917.—The House has signalized its entby into the great war by the passage of a bill containing the largest authorization of bond issues ever contained in any bill presented to any legislative body in the history of the world. The appropriation of seven billion dollars is involved in the bill, two billions to be in Treasury notes and five billions to be in three and a half per cent government bonds. This sum expressed in another form is seven-thousand millions, and is in addition to the already large appropriations made in the army, navy and fortifications appropriation bills. Three billions of the money is to be loaned to the allies of the United States in its war with Germany and is notice to the world that the United States is in earnest and means business. Nor is this the total cost of the war. Other demands will follow as the campaign is developed and no man can foresee the amount needed should the war continue beyond the current year.

On August 31, 1865, at the close of the Civil War, the United States had a bonded indebtedness of $2,381,000,000, which was the largest bonded debt the United States had ever owed at that time. The population of the United States was at that time 34,748,000. On the 28th of February last the bonded debt of the United States was $973,000,000. To this must be added bonds authorized in the last session of Congress to the amount of $472,000,000, covering preparedness expenses in the navy for the purchase of ships under the shipping act, for the nitrate plant, for the purchase of the Danish West Indies, for the Alaskan Railway, for expenses incurred in connection with the Mexican situation, and for other purposes, bringing the total issued and authorized at this time to $1,445,000,000. When the present war bonds are issued it will bring the total bonded debt of the United States to $6,445,000,000. The money to redeem the $2,000,000,000 of treasury notes will be raised by increased taxation.

On January 1, 1914, prior to the outbreak of the war, the bonded debt of France was about six billion dollars which had increased on August 31 last to fourteen billions. On March 31, 1914, Great Britain had a bonded debt of three billion four hundred millions which, by the last of November 1916, had increased to fifteen billion eight hundred millions. Great Britain has however, loaned, presumably out of this sum, a great deal of money to her allies. So it will be seen that the United States is making a liberal beginning and one that should make a decided change in the fortunes of the allies.

* * *

The seven billion bill is the biggest thing ever reported out of the ways and means committee but the biggest undertaking the ways and means committee ever tackled is the proposition to raise nearly two billions by taxation in addition to regular taxes. They are at work on this now and when they get through it is safe to say that it will be easier for a rich man to go through the eye of a needle than to escape his share of the burden, and this will apply also to those who are not rich. The income tax will likely be further increased and the exemptions lowered.

* * *

Many wild schemes are being proposed whereby the United States may aid its allies in the war. One of these is that men from this country be furnished to till the fields of France and England. In fact Canada is right now advertising for fifty thousand Americans to come and farm their lands and, as an extra inducement they are promised freedom from conscription for military service. It may be well to call attention to the fact that every American citizen, who is not otherwise engaged in promoting the interests of this country, will be needed in our own fields. The one serious aspect already looming up for the future is a shortage of food stuffs. If a great number of men are called into

CLEAN UP YOUR YARD.

Don't forget that next Wednesday is Clean Up Day and that every day until then should be spent in getting your premises ready for the latter part of the week, which will bring hundreds of visitors to the city to attend the meeting of the Northwest Missouri Press association and the Literary Contest and Track Meet.

The aid of the children should be enlisted in the campaign. Assign a certain definite amount for each child to accomplish, and at the same time instill into his mind lessons of sanitation and of cleanliness.

Get your tin cans and rubbish gathered and placed in retainers and then place them in the parkways of the east and west streets. The dray wagons will start out bright and early Wednesday morning and will tour the east and west streets collecting the "packages" that are left for them.

Remember the day! Clean up that yard and get ready for the dray wagons. This is the only day in the year when you will be able to get the rubbish hauled away free of charge.

COACH SCHULTZ SENDS IN SIX ENTRIES FOR TRACK MEET.

NO ENTRY IN RELAY

Yehle Brothers are Counted on to Score Heavily in Point Making for Maryville.

Coach Schultz of the High school this morning sent in the names of six boys to represent Maryville High school in the track meet next Saturday. Men were entered for every event except the relay.

Two or three track men have left school to go on the farm in response to the government's appeal. Those who are expected to be the principal point winners, however, are in school and will take part in the meet.

Those who were entered were as follows: Eugene Yehle, Ralph Yehle, Russell Woodward, Claude Pierpoint, Emmett Bartram and Lester Masters. The Yehle brothers will be counted upon most heavily and, with a little help from the rest of the team are expected to score enough points to win the cup for Maryville.

Both Eugene and Ralph Yehle were stars last year. The latter holds the record in the hop-step-and-jump, having broken the record established by Bob Simpson in 1913. He also tied for second last year in the pole-vault and the high jump. He is entered this year in these three events and the running broad jump.

Eugene specializes in the dashes. He was off form in the meet here last year, but at the Trenton meet he lacked only a few points of being the individual point winner of the meet. This is his last year and he is trying to smash some records. He is entered in the 100-yd., 220-yd., and 440-yd. dashes, the 120-yd. high hurdles, and the pole vault.

Lester Masters is expected to win a point or two in the weight events and in the 100 yd. dash. Claude Pierpoint is entered in the 220-yd. low hurdles, 220-yd. dash hop-step-and-jump, and running broad jump. The distance events will be taken care of by Russell Woodward and Emmett Bartram, who are entered in the 440 and 880-yd. run.

MAY EXTEND DITCH

OVERFLOW LAND OWNERS, EAST OF ARKOE, IN CONFERENCE.

WOULD SAVE 3,000 ACRES

J. H. Nolen of Jefferson City and S. R. Ballard, Burlington Engineer Advise Extension of 102 Ditch.

A conference of the owners of the overflow land in the district, east of Arkoe, was held at the Arkoe bauk yesterday afternoon. J. H. Nolen of the State Department fo Land Reclamation at Jefferson City and S. R. Ballard, division engineer of the Burlington railroad were present.

The purpose of the meeting was to consider the extension of the 102 drainage ditch and the establishment of a cut through the hill at Bridgewater in order to keep the channel of the river east of the railroad at Bridgewater.

The conference was attended by practically all of the land owners in the section between the lower part of the 102 drainage district and Bridgewater hill, and if plans are made to extend the ditch more than 3,000 acres of land will be freed from overflow which will be particularly damaging now since the 102 drainage ditch is completed.

The result of yesterday afternoon's discussions was the appointment of a committee to see Charles Holdaway of the firm of Lewis & Holdaway, who completed the work on the 102 drainage ditch, and to ask him to delay moving the dredge boat into Iowa until the Arkoe district decides what it wishes to do regarding the extension of the ditch, which would shorten the present channel of the river about a mile.

The members of the committee are: Hermann Heitman, C. C. Carr and C. H. Barmann.

Mr. Ballard, the Burlington engineer, recently made a survey of the proposed cut through Bridgewater hill and gave the following estimates of the cost to the land owners:

By cutting a channel sixty feet wide through the bottom of the hill, 51,769 cubic yards of earth and 14,055 cubic yards of rock would be removed. The cost of removing the earth would be 20 cents a cubic yard and of removing the stone 70 cents a cubic yard. He estimated that the Burlington could use the stone at an average cost of 50 cents a cubic yard. At this rate the net cost for removing the stone would be $2,800 and of removing the earth $10,300, or a total of $13,100. The railroad company could use the steel on one of the girders at a value of $4,000 leaving a net cost of making the cut about $9,100.

It was also estimated that the railroad would save $180 a year on the maintenance of one of the bridges over the river, which capitalized at 5 per cent would amount to $3,600 a year to the railroad. Then a saving of $200 a year on the steel at 5 per cent capitalization would be $4,000 to the railroads, making the railroads out about $1,500 for making the cut.

CAFE READY NEXT WEEK

Edwards' New Eating Place Has Every Modern Convenience Including Banquet Room.

Edwards' Cafe will open in its new place the first of the week. With new decorations, new fixtures and new services the business offers to its customers a delightful place in which to eat. In addition to the regular service other features have also been added. A fountain has been installed that will supply the diners with their favorite fountain drink. A rest room for women has been equipped in the basement and this will be open to the public every day in the week. Lounges, chairs and other conveniences have been placed there for the convenience of the customers as well as others who may care to use the room.

The rest of the basement is being equipped as a banquet room and there Mr. Edwards expects to serve for any occasion which may demand a larger or more exclusive place than the regular dining room. Besides the chairs and resting place in the front of the dining room a place has also been allotted for tables to be operated in connection with the fountain.

W. W. McDonald, living north of Maryville, returned last night from Tennessee, where he spent the winter.

BRITISH VICTORY AT SEA

Special to The Democrat-Forum.

London, April 21.—The news of a British sea victory is given out by the admiralty this afternoon. There were five German torpedo boats in the squadron that attempted to raid the British coast. The British did not suffer any loss.

One hundred and five Germans were rescued from a sinking war craft. At least two German torpedo boats were sunk in the engagements and it is possible that a third German war ship was lost.

Turkey Breaks With U. S.

London, April 21.—The latest dispatches from Switzerland this afternoon say that Turkey had broken off diplomatic relations with the United States.

FRENCH ENGAGED IN TERRIFIC FIGHT NORTH OF AISNE.

CRISIS AT CHAMPAGNE

Germans Make Detremined Stand, But Counter Attacks are Repulsed on All Sides.

Special to The Democrat-Forum.

Paris, April 21.—With the Germans making a determined stand, the great double battle on the Arras-Champagne front is drawing to its critical phase. New engagements have developed south of the Aisne between Rheims and Argonne forest where the French made fresh assaults last night and repulsed the German counter attacks.

British Capture Village.

London, April 21.—Striking simultaneously with the latest thrust of the French, the British have captured the village of Gonelieu, east of the Arras, and also a number of Germans.

Paris, April 21.—Terrific fighting in which the French made fresh gains raged all night, north of the Aisne river, east of Courci and of Jovincourt. The French made an attack against the lower side of the German salient, jutting southwestward from Laon and gained ground in several sections. A German counter attack in this section was repulsed by the French.

ARGENTINA NEXT IN WAR

Not Satisfied With Berlin's Explanation for Sinking of Steamer Monte Progideo.

Special to The Democrat-Forum.

Buenos Aires April 21.—Argentina is on the verge of hostilities with Germany according to the Lanaciona, one of the leading newspapers of the republic. The report declares that a demand was made on Berlin to explain the sinking of the steamer, Monte Progideo, and that the explanation was unsatisfactory. It declares on reliable, but on no official information that Argentina is liable to declare war with Germany.

Spain Remains Neutral.

Madrid, April 21.—The new Spanish cabinet reaffirmed its neutrality in the war.

HOUSE COMMITTEE FOR CONSCRIPTION

RECOMMENDS MEASURE WITH ONE SLIGHT AMENDMENT.

WANTS THE VOLUNTEER SYSTEM TRIED FIRST

Senator McKeller to Offer an Amendment Authorizing President to Call 500,000 Volunteers.

Special to Democrat-Forum.

Washington, April 21.—The House Military Affairs committee voted formally today to recommend army conscription bill with the Dent-Anthony amendment providing that the volunteer system be tried out before the President resorts to conscription.

Washington, April 21.—The Senate today turned its attention to the administration selective draft bill designed to raise the army necessary to win the war with Germany.

Senator McKeller of Tennessee will offer an amendment similar to the one rejected by the Military Affairs committee, authorizing the president to call for 50,000 volunteers, instead of the other scheme for raising troops by selective drafting. He declared, however, that no attempt would be made to delay the vote on the bill. Senator Chamberlain will combat the McKeller amendments.

Ambassador Page of London cabled the state department that the British government will grant safe conduct across the ocean to Count Tarnowski and staff.

Charles P. Crane, the Chicago millionaire, will head the American commission to Russia. This was practically assured today when the Department of State announced that it had been in communication with Crane who had been urged to accept the chairmanship of the commission. Crane is at present in Russia.

AUSTRIA WANTS PEACE

Report From London Says That the Austrian Parliament Is Called for That Purpose.

Special to The Democrat-Forum.

London, April 21.—That the Reichsrath, the Austrian parliament, has been summoned to meet to consider immediate peace was the intimation contained in a dispatch to the Chronicle today. This paper says that momentous political events are impending in the dual monarchy, and that the plans of Germany for the economic and political subjection of Austria in "middle Europe" are in danger of being frustrated.

Revolution Near in Hungary.

Rome, April 21.—A revolution is reported too imminent in Hungary. Outbreaks are said to have occurred in Budapest. A state of siege has been declared in scores of cities in Hungary. Telegrams received at the Vatican today from Vienna are believed to refer to the internal situation at Hungary.

Portugese Cabinet Resigns.

Paris, April 21.—Lisbon dispatches say that the Portugese cabinet has resigned.

BEARCATS LOSE 1ST GAME

William Jewell Takes Large End of Score 8-3, on Home Ground—Todd Hurt During Game.

The Normal baseball team lost to William Jewell yesterday afternoon 8-3, in their first conference game of the season. The game was played at Liberty in a drizzling rain that made good ball impossible. The rain stopped in the last part of the game and the Bearcats' playing improved.

McKinney pitched the first six innings for the Jewellites, and the Bearcats were unable to score. The only hit made off his delivery was a triple by Bird, the prettiest hit of the game. During his six innings in the box, McKinney struck out nine batters.

Jewell made only eight hits against six for Maryville, but they combined enough sacrifice hits and stolen bases together with the seven walks handed out by Van Cleve and four Maryville errors to score eight runs while the Bearcats were making three.

The Bearcats scored all their runs in the ninth inning on singles by Wagers, Ferguson, and Sawyers, a double by Van Cleve, and an infield out by Bird. Evans was pitching for William Jewell at that time.

Todd, Maryville's star center fielder, collided with Girard while attempting to make a catch of a difficult fly ball in the fifth inning. He was severely shaken up and was forced to leave the game, but was not seriously hurt.

The batting order for the two teams was as follows:

Maryville: Wagers, 2b; Van Cleve, p.; Ferguson, s. s.; Bird, 3b.; Sawyers, c.; Todd and Strader, cf.; Girard, rf.; Scarlett, 1b.; DeMoss, lf.

William Jewell: Allen lf.; Lee, 2b.; Bell, 1b.; ; Evans, cf.; Sinney, c. Matheney, s. s.; Billings, 3b.; Hubbard, rf.; McKinney and Evans, p.

MURDER TRIAL AT ALBANY.

Judge Dawson in the Chair in Yeater Poison Case Called Yesterday.

Judge Dawson is holding court at Albany, the case of Mrs. Agnes Yeater, charged with the murder of her husband, Joseph L. Yeater, being called yesterday. Yeater, a well known and well-to-do farmer, died December 6, 1915. An investigation was made and relatives had the viscera sent to Kansas City where Dr. Walter Cross reported that he had found that arsenic caused death. A Gentry county grand jury returned an indictment charging Mrs. Yeater with murder in the first degree.

HAVE BABY SUNDAY

PROTESTANT CHURCHES TO DEVOTE SERMON TO CHILD PROBLEM

MUSIC FEATURES, TOO

Department of Medicine of University of Missouri Outlines Briefly the Purpose of Baby Week.

One of the features of Baby Week, which will be celebrated in Maryville May 1 to 6, will be Baby Sunday, which will be observed in the Protestant churches. On that Sunday, the date of which has not been set, all of the ministers will preach special sermons for mothers and children. Organists at the churches will also be requested to have the Sunday music refer especially to the baby.

The department of medicine of the University of Missouri has the following to say regarding the purpose of Baby Week:

"We are about to celebrate Baby Week throughout the United States, and many people may ask why this is an event of national importance. It is important because the baby of today is the citizen of tomorrow, and no country is virile which does not look after its infant population," Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri declares. "It has been well said, 'Infant mortality is the most sensitive index we possess of social welfare and of sanitary administration.'"

"The present death rate amongst babies is appalling. In the United States, about one-fifth of all deaths are of children under one year of age, and, in addition to this, approximately one-fifth of all children die before they reach the age of one year. The Census Bureau in 1911 estimated that 124 children out of every 1,000 born died during the first year of life. As only about two-thirds of the country has registration of births and deaths, and this comprises the more enlightened population of the country, it is safe to say that the actual death rate for the entire country exceeds this. Even with this estimate it means that 300,000 babies die every year in this land of enlightment and abundance.

"The design of Baby Week, then, is to call attention to these facts, and to teach mothers and people generally the proper care of babies. The two great factors in the early death rate are ignorance and neglect. Poverty plays a large part. Poverty may not be easily corrected, but ignorance and neglect can be.

"Throughout the country meetings will be held, at which demonstrations will be given, baby contests held, and general interest aroused over the necessity of caring for this part of our population. Every one should take an interest. Don't leave it entirely to mothers. It is a matter of national importance and vital interest to all. National Baby Week will be held the first week of May. In some communities the date will be advanced so that professors and teachers generally can distribute their services over one or more communities."

MEASLES FATAL TO CHILD.

SUITS BY MARTIN ESTATE

Attorney John E. Dolman Would Enforce Collection of $8,000 From Guarantee Fund Life Ass'n.

Suits to enforce collection of $8,000 of insurance on the life of B. Raleigh Martin, the St. Joseph attorney who died in Chicago, last January, were filed in the circuit court today by John E. Dolman, attorney for the estate. The defendant is the Guarantee Fund Life Association of Omaha.

There are two suits, one by the widow, Mrs. Mabel T. Martin, the other by Pauline E. Martin and Marion T. Martin, the last named a minor, children of the assured; and each suit is for $4,000, the face of the policy, plus damages for delay and attorney's fees. The policy of which the widow is beneficiary was taken out May 24, last, and that in the interest of the children September 5, last. It is alleged that the company assigned no reason for its refusal to pay the policies. The total insurance on the life of B. Raleigh Martin was $30,000.—St. Joseph News-Press.

HALLIE FORD TO FARM

Brings Three Companions From Columbia to Engage in Truck Farming, on Land Near Ravenwood.

Hallie Ford, son of Mr. and Mrs. J. D. Ford, who has been attending the University of Missouri at Columbia, returned to his home yesterday and with three other companions, Gordon Case of Kansas City, L. E. Black of St. Louis and Harry Crow of Columbia, will begin truck farming.

The boys have secured sixty acres, three and one-half miles north of Ravenwood, belonging to Ernest Gooden and will begin at once the work of getting their garden crops in. They plan to live in a tent for the summer and will do their own cooking in addition to the other work.

These boys were among the hundreds of University students who left school last week in order to join the food army which is being organized throughout the United States. They are required to report their progress every two weeks to the College of Agriculture and in return they will receive their credits just the same as if they were attending their classes.

E. H. Balnum went to Omaha today to attend to some business matters.

Beginning with the last six weeks of school, ninth hour will be shortened from thirty to twenty-five minutes and will begin promptly at 3:36 o'clock.

* * *

All classes were cut short Wednesday afternoon so that those students who wished to attend the concert at the Normal could do so.

* * *

The Athletic association is working on new yell sheets, which will be printed some time before the track meet. The new sheets will contain the school songs and some new yells. On one page will be the records of the meet, the holders and the year the records were made. Beneath will be the names of the Maryville contestants and the events in which they are entered. Blank spaces will be left for memoranda of the order in which they finish and the time or distance they make.

* * *

Several boys have announced their intention of leaving school as soon as they can get positions on farms.

* * *

A program was given Thursday evening beginning at 7:30 o'clock by the contestants who were entered in the literary contests of the Northwest Missouri Inter-High School association. They showed much improvement since the preliminaries which were held last Friday. At the close of the program it was announced that Marie Landfather would represent the school in the essay contest. Miss Landfather's subject was: "Robert Burns—His Message to the World."

THE U. S. DEBT

(Continued from page 1.)

training camps and an increased number into munition factories and industrial enterprises, there will be a serious shortage of men for farming purposes at a time when there will be the greatest need for them the country has ever known.

If we continue to sell food products to foreign countries during the war, it is easy to see the seriousness of the situation that is likely to follow. Food products have been rapidly mounting to unheard of prices during the past year when no great number of men were engaged in war preparations. The question of the future may not be one of price alone, but one of securing sufficient food at any price.

It is therefore of the greatest importance that every man in this nation who has or can secure a tract of vacant ground, plant it to some serviceable food crop. Everybody should take hold of this matter and before another year, if the war should so long continue, it will likely be necessary for the women and children to lend their aid as they have been doing in European countries. There ought to be a federal law passed to stop the slaughter of calves. So long as beef and leather are high and scarce at any price, it is a positive crime to kill six weeks old calves for veal. Meat of that age has little or no nourishing value anyway.

Only $1.00 Still Puts This New Hoosier Cabinet in Your Home

You may choose between the celebrated Hoosier Beauty pictured here, and one of the famous Hoosier Wonders.

TERMS of the HOOSIER PLAN are These:

1—$1 puts the cabinet you choose in your home.
2—$1 weekly pays for it.
3—The Low Cash Price fixed by the factory prevails strictly.
4—No interest. No extra fees.
5—Your money back if you are not DELIGHTED with your Hoosier.
6—The sale is under direct supervision of the Hoosier Company.

The Immediate Closing

of this sale may be caused Monday by the number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come Monday, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This too, has happened. Which now is the best for you—to delay and take the chance of missing this opportunity or to come down Monday and find out about this cabinet so you can decide before it is too late?

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later — And you are deciding, remember, whether or not you will save miles of unnecessary steps you now take.

But unless you decide at once, you may decide too late to own this greatest of all Hoosier cabinets on this liberal Hoosier Plan. 1,000,000 women already have Hoosiers. Thousands are buying this new Hoosier every week. You should, without fail, grasp this opportunity and see this cabinet tomorrow.

The VITAL PART of Any KITCHEN CABINET

If you don't get these exclusive labor-saving features on your kitchen cabinet you are not getting all you are entitled to:

1—All metal glass front flour bin.
2—Patented gear-driven shaker sifter. Two siftings unnecessary.
3—Scientific arrangement—articles needed most frequently easily reached.
4—Revolving spice caster—the final touch of convenience.
5—Big capacity sugar bin—holds twice as much as other bins.
6—Removable roll door—easily kept clean.

MONDAY you may examine all the new features. You incur no obligation. But you should come early so you can study them carefully. Our stock of White Beauty patterns is limited. You may be too late to get one on the HOOSIER PLAN if you delay. Come and SEE this remarkable NEW HOOSIER Monday.

Spring Colds Are the Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tone your system up with a regular course of the liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

ERMA GREENE IS CONTEST WINNER

WILL REPRESENT M. H. S. IN THE FINALS HERE FRIDAY.

LOCAL TRIO PLACES IN THE SONG EVENT

Makes "Hit of Evening With Selection "William Tell"—Burlington Junction Also Represented.

Miss Erma Greene of Maryville, Miss Gladys Praiswater of Burlington Junction and the Maryville High school trio were the Nodaway county winners in the preliminary contests held at Mound City last night for the purpose of determining the contestants for the finals at the Normal auditorium next Friday night.

Miss Greene took first in the declamatory contest; Miss Praiswater was second in the extemporaneous speaking contest, and the Maryville trio consisting of Clarence Cook, Donald Hagins, Roland Curnutt, with Virgil Rathbun accompanist, won second in the public school music contest with their selection, "William Tell."

The judges in the declamatory and extemporaneous contests were: Superintendent Ross of Fairfax; Superintendent Adams of Skidmore and Prof. P. Glenn of Jacksonville, Fla., a former teacher at Mound City.

The judges in the music contest were: Mrs. Jess Scott, Mrs. C. C. Munn and Mrs. Will McRoberts, all of Mound City.

The following towns from district No. 1, consisting of Atchison, Nodaway, Holt, Andrew and Buchanan counties were represented in the preliminaries: Maitland, Tarkio, Burlington Junction, Maryville, Mound City, St. Joseph, Savannah and Bolckow.

At 7 o'clock in the evening try-outs to eliminate a number of the contestants were held, and the regular preliminary contest followed.

In the preliminary contest after the try-out Francis Walton of Burlington Junction and Clark Evans of Maryville represented Nodaway county in extemporaneous speaking.

In the girls' extemporaneous speaking contest, Miss Praiswater of Burlington Junction and Miss Etha Henderson of Maryville represented Nodaway county.

In the oratorical contest Virgil Robinson of Barnard was the representative of the county. In the girls' declamatory contest, Miss Greene of Maryville was our representative.

Four musical numbers were given: Song, Miss Hilda Barbour, Burlington Junction; duet, by Misses Fern Campbell and Lucille Gardner of Barnard with Miss Georgie Strader also of Barnard, accompanist; a quartet from Tarkio consisting of Misses Esther Hanson and Oberia Dragoo and Charles Goldsberry and Howard Duncan, with Miss Elizabeth Hall as pianist. The Tarkio quartet won first place.

The Maryville trio made the "hit" of the evening, their selection bringing wild applause from the audience. The judgment of the greater part of the audience was in favor of giving them first place in the contest as was evidenced when the judges announced their decision giving Tarkio first honors.

Miss Greene' who won in the declamatory contest gave an extract from "Patsy," by Kate Douglas Wiggin. She is sure to place in the finals since there are four districts with one representative from each district, and only four places in the final contest.

The following winners from the other counties of the district will compete in the finals next Friday evening:

Extemporaneous speaking: Otto Modeer, St. Joseph, 1st; and Ray Weightman, Mound City, 2nd.

Oratorical contest, Mr. Trapp, St. Joseph, 1st; and Clarence Carmichael, Mound City, 2nd.

Declamatory contest, Elizabeth Long, Tarkio, 2nd.

Girls' extemporaneous speaking, Miss Ruth Levin, St. Joseph, 1st.

Miss Amy Barrett a Normal student, went to Skidmore to visit over Saturday and Sunday with her parents.

Mrs. Mary Litchfield of Kansas City is visiting for a few days with Mrs. William Everhart.

ELM GROVE IS IN LINE

L. H. Frazee Calls Meeting of District Members to Organize Food Production Campaign.

The Elm Grove school district will respond to the call of America at 8 o'clock next Tuesday evening, when its members will meet for the purpose of taking active part in the food campaign.

According to instructions received from the Department of Agriculture of the University of Missouri, L. H. Frazee, the clerk of the district, "set the ball rolling." He has sent notice to all of the persons in the district and will expect them to be at the meeting in order to organize an effective production campaign.

At the meeting Tuesday evening, a chairman and the necessary committees will be chosen and resolutions pledging support to America's war cause will be passed.

LAST YEAR'S MEET

EXCELLENT RECORDS MADE THEN WILL LIKELY STAND.

ENTRIES SLOW COMING

But in Spite of Delay, Officials Feel Confident That Record Number of Schools Will Compete.

While this year's track meet will in all probability surpass all others in point of attendance and competition, few if any records are likely to fall. The meet has become recognized as one of the best in the state, and the records are exceptionally good for a high school meet.

Last year five records were smashed and two equalled. Three of the records broken were established by Bob Simpson in 1913, the high jump, running broad jump, and hop-step-and-jump. The last of Simpson's records have now "gone by the boards," and all others established in 1913 or before have been equalled or surpassed.

However, there are one or two more records that may fall this year if the track is in good shape. Reports from St. Joseph say that Sellers, the present holder of the record for the quarter, is running the distance in 54 seconds. And according to all indications, the hop-step-and-jump record is due for another fall this year when Ralph Yehle of Maryville limbers up for action. The high jump and pole vault records also may fall, but there is little likelihood of any others being broken. The records as they now stand are as follows:

100-yd. dash: Niedorp, St. Joseph Central, 1913, equalled in 1916 by Castle of the same school. 10 1-5 sec.

Pole vault: Younger of Maitland, 1915, 10 ft., 8 in.

Shot-put: White of Tarkio, 1914, 40 ft. 8½ in.

120-high hurdles: Rice of St. Joseph Central, 1914, equalled in 1916 by Cash of the same school. 17 sec.

Discus: Burkhart, Albany, 1912, 108 ft. 11 in.

220-yard dash: Niedorp of St. Joseph Central, 1913, 23 4-5 sec.

Running high jump: Stone o. Ridgeway, 1916, 5 ft. 6¾ in.

Hop, step and jump: Yehle of Maryville, 1916, 42 ft. 8½ in.

Half mile run: Saville of Grant City, 1914, 2 min. 9 4-5 sec.

220-low hurdles: Castle of St. Joseph Central, 1916, 27 1-5 sec.

Running broad jump: Castle of St. Joseph Central, 1916, 21 ft. 9½ in.

440-yard dash: Sellers of St. Joseph Central, 1914, 55 sec.

Standing broad jump: Vandeventer of Mound City, 1915, 10 ft. 5¼ in.

Relay, half mile: St. Joseph Central, 1916, 1 min. 40 3-5 sec.

Entries for the track meet are coming in very slowly. Only two, Guilford and Savannah, were received this morning, although the time expires tonight.

In spite of the delay of schools in sending in their entries, those in charge of the meet are confident that there will be more entered than ever before. Of the nine schools entered, four are competing for the first time This leaves fifteen schools which were entered last year yet to come in. Most of these have written Prof. H. P. Swinehart that they will be here, but the entries have not yet been received. They will probably be received some time during the course of the day.

J. T. Russell of Skidmore is in Maryville on business today.

THE U. S. DEBT

WITH LATEST WAR BONDS THE AMOUNT IS NOW $6,445,000,000.

IS RAISED BY TAXATION

Ways and Means Committee Now At Work on Scheme to Provide for Increased War Expense.

(By W. C. Van Cleve).

Washington, D. C., April 16, 1917.—The House has signalized its entry into the great war by the passage of a bill containing the largest authorization of bond issues ever contained in any bill presented to any legislative body in the history of the world. The appropriation of seven billion dollars is involved in the bill, two billions to be in Treasury notes and five billions to be in three and a half per cent government bonds. This sum expressed in another form is seven-thousand millions, and is in addition to the already large appropriations made in the army, navy and fortifications appropriation bills. Three billions of the money is to be loaned to the allies of the United States in its war with Germany and is notice to the world that the United States is in earnest and means business. Nor is this the total cost of the war. Other demands will follow as the campaign is developed and no man can foresee the amount needed should the war continue beyond the current year.

On August 31, 1865, at the close of the Civil War, the United States had a bonded indebtedness of $2,381,000,000, which was the largest bonded debt the United States had ever owed at that time. The population of the United States was at that time 34,748,000. On the 28th of February last the bonded debt of the United States was $972,000,000. To this must be added bonds authorized in the last session of Congress to the amount of $472,000,000, covering preparedness expenses in the navy for the purchase of ships under the shipping act, for the nitrate plant, for the purchase of the Danish West Indies, for the Alaskan Railway, for expenses incurred in connection with the Mexican situation, and for other purposes, bringing the total issued and authorized at this time to $1,445,000,000. When the present war bonds are issued it will bring the total bonded debt of the United States to $6,445,000,000. The money to redeem the $2,000,000,000 of treasury notes will be raised by increased taxation.

On January 1, 1914, prior to the outbreak of the war, the bonded debt of France was about six billion dollars which had increased on August 31 last to fourteen billions. On March 31, 1914, Great Britain had a bonded debt of three billion four hundred millions which, by the last of November 1916, had increased to fifteen billion eight hundred millions. Great Britain has however, loaned, presumably out of this sum, a great deal of money to her allies. So it will be seen that the United States is making a liberal beginning and one that should make a decided change in the fortunes of the allies.

* * *

The seven billion bill is the biggest thing ever reported out of the ways and means committee but the biggest undertaking the ways and means committee ever tackled is the proposition to raise nearly two billions by taxation in addition to regular taxes. They are at work on this now and when they get through it is safe to say that it will be easier for a rich man to go through the eye of a needle than to escape his share of the burden, and this will apply also to those who are not rich. The income tax will likely be further increased and the exemptions lowered.

* * *

Many wild schemes are being proposed whereby the United States may aid its allies in the war. One of these is that men from this country be furnished to till the fields of France and England. In fact Canada is right now advertising for fifty thousand Americans to come and farm their lands and, as an extra inducement they are promised freedom from conscription for military service. It may be well to call attention to the fact that every American citizen, who is not otherwise engaged in promoting the interests of this country, will be needed in our own fields. The one serious aspect already looming up for the future is a shortage of food stuffs. If a great number of men are called into

CLEAN UP YOUR YARD.

Don't forget that next Wednesday is Clean Up Day and that every day until then should be spent in getting your premises ready for the latter part of the week, which will bring hundreds of visitors to the city to attend the meeting of the Northwest Missouri Press association and the Literary Contest and Track Meet.

The aid of the children should be enlisted in the campaign. Assign a certain definite amount for each child to accomplish, and at the same time instill into his mind lessons of sanitation and of cleanliness.

Get your tin cans and rubbish gathered and placed in retainers and then place them in the parkways of the east and west streets. The dray wagons will start out bright and early Wednesday morning and will tour the east and west streets collecting the "packages" that are left for them.

Remember the day! Clean up that yard and get ready for the dray wagons. This is the only day in the year when you will be able to get the rubbish hauled away free of charge.

COACH SCHULTZ SENDS IN SIX ENTRIES FOR TRACK MEET.

NO ENTRY IN RELAY

Yehle Brothers are Counted on to Score Heavily in Point Making for Maryville.

Coach Schultz of the High school this morning sent in the names of six boys to represent Maryville High school in the track meet next Saturday. Men were entered for every event except the relay.

Two or three track men have left school to go on the farm in response to the government's appeal. Those who are expected to be the principal point winners, however, are in school and will take part in the meet.

Those who were entered were as follows: Eugene Yehle, Ralph Yehle, Russell Woodward, Claude Pierpoint, Emmett Bartram and Lester Masters. The Yehle brothers will be counted upon most heavily and, with a little help from the rest of the team are expected to score enough points to win the cup for Maryville.

Both Eugene and Ralph Yehle were stars last year. The latter holds the record in the hop-step-and-jump, having broken the record established by Bob Simpson in 1913. He also tied for second last year in the pole-vault and the high jump. He is entered this year in these three events and the running broad jump.

Eugene specializes in the dashes. He was off form in the meet here last year, but at the Trenton meet he lacked only a few points of being the individual point winner of the meet. This is his last year and he is trying to smash some records. He is entered in the 100-yd., 220-yd., and 440-yd. dashes, the 120-yd. high hurdles, and the pole vault.

Lester Masters is expected to win a point or two in the weight events and in the 100 yd. dash. Claude Pierpoint is entered in the 220-yd. low hurdles, 220-yd. dash hop-step-and-jump, and running broad jump. The distance events will be taken care of by Russell Woodward and Emmett Bartram, who are entered in the 440 and 880-yd. run.

MAY EXTEND DITCH

OVERFLOW LAND OWNERS, EAST OF ARKOE, IN CONFERENCE.

WOULD SAVE 3,000 ACRES

J. H. Nolen of Jefferson City and S. R. Ballard, Burlington Engineer Advise Extension of 102 Ditch.

A conference of the owners of the overflow land in the district, east of Arkoe, was held at the Arkoe bank yesterday afternoon. J. H. Nolen of the State Department fo Land Reclamation at Jefferson City and S. R. Ballard, division engineer of the Burlington railroad were present.

The purpose of the meeting was to consider the extension of the 102 drainage ditch and the establishment of a cut through the hill at Bridgewater in order to keep the channel of the river east of the railroad at Bridgewater.

The conference was attended by practically all of the land owners in the section between the lower part of the 102 drainage district and Bridgewater hill, and if plans are made to extend the ditch more than 3,000 acres of land will be freed from overflow which will be particularly damaging now since the 102 drainage ditch is completed.

The result of yesterday afternoon's discussions was the appointment of a committee to see Charles Holdaway of the firm of Lewis & Holdaway, who completed the work on the 102 drainage ditch, and to ask him to delay moving the dredge boat into Iowa until the Arkoe district decides what it wishes to do regarding the extension of the ditch, which would shorten the present channel of the river about a mile.

The members of the committee are: Hermann Heitman, C. C. Carr and C. H. Barmann.

Mr. Ballard, the Burlington engineer, recently made a survey of the proposed cut through Bridgewater hill and gave the following estimates of the cost to the land owners:

By cutting a channel sixty feet wide through the bottom of the hill, 51,769 cubic yards of earth and 14,055 cubic yards of rock would be removed. The cost of removing the earth would be 20 cents a cubic yard and of removing the stone 70 cents a cubic yard. He estimated that the Burlington could use the stone at an average cost of 50 cents a cubic yard. At this rate the net cost for removing the stone would be $2,800 and of removing the earth $10,300, or a total of $13,100. The railroad company could use the steel on one of the girders at a value of $4,000 leaving a net cost of making the cut about $9,100.

It was also estimated that the railroad would save $180 a year on the maintenance of one of the bridges over the river, which capitalized at 5 per cent would amount to $3,600 a year to the railroad. Then a saving of $200 a year on the steel at 5 per cent capitalization would be $4,000 to the railroads, making the railroads out about $1,500 for making the cut.

CAFE READY NEXT WEEK

Edwards' New Eating Place Has Every Modern Convenience Including Banquet Room.

Edwards' Cafe will open in its new place the first of the week. With new decorations, new fixtures and new services the business offers to its customers a delightful place in which to eat. In addition to the regular service other features have also been added. A fountain has been installed that will supply the diners with their favorite fountain drink. A rest room for women has been equipped in the basement and this will be open to the public every day in the week. Lounges, chairs and other conveniences have been placed there for the convenience of the customers as well as others who may care to use the room.

The rest of the basement is being equipped as a banquet room and there Mr. Edwards expects to serve for any occasion which may demand a larger or more exclusive place than the regular dining room. Besides the chairs and resting place in the front of the dining room a place has also been allotted for tables to be operated in connection with the fountain.

W. W. McDonald, living north of Maryville, returned last night from Tennessee, where he spent the winter.

BRITISH VICTORY AT SEA

Special to The Democrat-Forum.

London, April 21.—The news of a British sea victory is given out by the admiralty this afternoon. There were five German torpedo boats in the squadron that attempted to raid the British coast. The British did not suffer any loss.

One hundred and five Germans were rescued from a sinking war craft. At least two German torpedo boats were sunk in the engagements and it is possible that a third German war ship was lost.

Turkey Breaks With U. S.

London, April 21.—The latest dispatches from Switzerland this afternoon say that Turkey had broken off diplomatic relations with the United States.

MAKE FRESH GAINS

FRENCH ENGAGED IN TERRIFIC FIGHT NORTH OF AISNE.

CRISIS AT CHAMPAGNE

Germans Make Detremined Stand, But Counter Attacks are Repulsed on All Sides.

Special to The Democrat-Forum.

Paris, April 21.—With the Germans making a determined stand, the great double battle on the Arras-Champagne front is drawing to its critical phase. New engagements have developed south of the Aisne between Rheims and Argonne forest where the French made fresh assaults last night and repulsed the German counter attacks.

British Capture Village.

London, April 21.—Striking simultaneously with the latest thrust of the French, the British have captured the village of Gonelieu, east of the Arras, and also a number of Germans.

Paris, April 21.—Terrific fighting in which the French made fresh gains raged all night, north of the Aisne river, east of Courci and of Jovincourt. The French made an attack against the lower side of the German salient, jutting southwestward from Laon and gained ground in several sections. A German counter attack in this section was repulsed by the French.

ARGENTINA NEXT IN WAR

Not Satisfied With Berlin's Explanation for Sinking of Steamer Monte Progideo.

Special to The Democrat-Forum.

Buenos Aires April 21.—Argentina is on the verge of hostilities with Germany according to the Lanaciona, one of the leading newspapers of the republic. The report declares that a demand was made on Berlin to explain the sinking of the steamer, Monte Progideo, and that the explanation was unsatisfactory. It declares on reliable, but on no official information that Argentina is liable to declare war with Germany.

Spain Remains Neutral.

Madrid, April 21.—The new Spanish cabinet reaffirmed its neutrality in the war.

HOUSE COMMITTEE FOR CONSCRIPTION

RECOMMENDS MEASURE WITH ONE SLIGHT AMENDMENT.

WANTS THE VOLUNTEER SYSTEM TRIED FIRST

Senator McKeller to Offer an Amendment Authorizing President to Call 500,000 Volunteers.

Special to Democrat-Forum.

Washington, April 21.—The House Military Affairs committee voted formally today to recommend army conscription bill with the Dent-Anthony amendment providing that the volunteer system be tried out before the President resorts to conscription.

Washington, April 21.—The Senate today turned its attention to the administration selective draft bill designed to raise the army necessary to win the war with Germany.

Senator McKeller of Tennessee will offer an amendment similar to the one rejected by the Military Affairs committee, authorizing the president to call for 50,000 volunteers, instead of the other scheme for raising troops by selective drafting. He declared, however, that no attempt would be made to delay the vote on the bill. Senator Chamberlain will combat the McKeller amendments.

Ambassador Page of London cabled the state department that the British government will grant safe conduct across the ocean to Count Tarnowski and staff.

Charles P. Crane, the Chicago millionaire, will head the American commission to Russia. This was practically assured today when the Department of State announced that it had been in communication with Crane who had been urged to accept the chairmanship of the commission. Crane is at present in Russia.

AUSTRIA WANTS PEACE

Report From London Says That the Austrian Parliament Is Called for That Purpose.

Special to The Democrat-Forum.

London, April 21.—That the Reichsrath, the Austrian parliament, has been summoned to meet to consider immediate peace was the intimation contained in a dispatch to the Chronicle today. This paper says that momentous political events are impending in the dual monarchy, and that the plans of Germany for the economic and political subjection of Austria in "middle Europe" are in danger of being frustrated.

Revolution Near in Hungary.

Rome, April 21.—A revolution is reported too imminent in Hungary. Outbreaks are said to have occurred in Budapest. A state of siege has been declared in scores of cities in Hungary. Telegrams received at the Vatican today from Vienna are believed to refer to the internal situation at Hungary.

Portugese Cabinet Resigns.

Paris, April 21.—Lisbon dispatches say that the Portugese cabinet has resigned.

BEARCATS LOSE 1ST GAME

William Jewell Takes Large End of Score 8-3, on Home Ground—Todd Hurt During Game.

The Normal baseball team lost to William Jewell yesterday afternoon 8-3, in their first conference game of the season. The game was played at Liberty in a drizzling rain that made good ball impossible. The rain stopped in the last part of the game and the Bearcats' playing improved.

McKinney pitched the first six innings for the Jewellites, and the Bearcats were unable to score. The only hit made off his delivery was a triple by Bird, the prettiest hit of the game. During his six innings in the box, McKinney struck out nine batters.

Jewell made only eight hits against six for Maryville, but they combined enough sacrifice hits and stolen bases together with the seven walks handed out by Van Cleve and four Maryville errors to score eight runs while the Bearcats were making three.

The Bearcats scored all their runs in the ninth inning on singles by Wagers, Ferguson, and Sawyers, a double by Van Cleve, and an infield out by Bird. Evans was pitching for William Jewell at that time.

Todd, Maryville's star center fielder, collided with Girard while attempting to make a catch of a difficult fly ball in the fifth inning. He was severely shaken up and was forced to leave the game, but was not seriously hurt.

The batting order for the two teams was as follows:

Maryville: Wagers, 2b; Van Cleve, p.; Ferguson, s. s.; Bird, 3b.; Sawyers, c.; Todd and Strader, cf.; Girard, rf.; Scarlett, 1b.; DeMoss, lf.

William Jewell: Allen lf.; Lee, 2b.; Bell, 1b.; ; Evans, cf.; Sinney, c. Matheney, s. s.; Billings, 3b.; Hubbard, rf.; McKinney and Evans, p.

MURDER TRIAL AT ALBANY.

Judge Dawson in the Chair in Yeater Poison Case Called Yesterday.

Judge Dawson is holding court at Albany, the case of Mrs. Agnes Yeater, charged with the murder of her husband, Joseph L. Yeater, being called yesterday. Yeater, a well known and well-to-do farmer, died December 6, 1915. An investigation was made and relatives had the viscera sent to Kansas City where Dr. Walter Cross reported that he had found that arsenic caused death. A Gentry county grand jury returned an indictment charging Mrs. Yeater with murder in the first degree.

HAVE BABY SUNDAY

PROTESTANT CHURCHES TO DEVOTE SERMON TO CHILD PROBLEM

MUSIC FEATURES, TOO

Department of Medicine of University of Missouri Outlines Briefly the Purpose of Baby Week.

One of the features of Baby Week, which will be celebrated in Maryville May 1 to 6, will be Baby Sunday, which will be observed in the Protestant churches. On that Sunday, the date of which has not been set, all of the ministers will preach special sermons for mothers and children. Organists at the churches will also be requested to have the Sunday music refer especially to the baby.

The department of medicine of the University of Missouri has the following to say regarding the purpose of Baby Week:

"We are about to celebrate Baby Week throughout the United States, and many people may ask why this is an event of national importance. It is important because the baby of today is the citizen of tomorrow, and no country is virile which does not look after its infant population," Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri declares. "It has been well said, 'Infant mortality is the most sensitive index we possess of social welfare and of sanitary administration.'"

"The present death rate amongst babies is appalling. In the United States, about one-fifth of all deaths are of children under one year of age, and, in addition to this, approximately one-fifth of all children die before they reach the age of one year. The Census Bureau in 1911 estimated that 124 children out of every 1,000 born died during the first year of life. As only about two-thirds of the country has registration of births and deaths, and this comprises the more enlightened population of the country, it is safe to say that the actual death rate for the entire country exceeds this. Even with this estimate it means that 300,000 babies die every year in this land of enlightment and abundance.

"The design of Baby Week, then, is to call attention to these facts, and to teach mothers and people generally the proper care of babies. The two great factors in the early death rate are ignorance and neglect. Poverty plays a large part. Poverty may not be easily corrected, but ignorance and neglect can be.

"Throughout the country meetings will be held, at which demonstrations will be given, baby contests held, and general interest aroused over the necessity of caring for this part of our population. Every one should take an interest. Don't leave it entirely to mothers. It is a matter of national importance and vital interest to all. National Baby Week will be held the first week of May. In some communities the date will be advanced so that professors and teachers generally can distribute their services over one or more communities."

SUITS BY MARTIN ESTATE

Attorney John E. Dolman Would Enforce Collection of $8,000 From Guarantee Fund Life Ass'n.

Suits to enforce collection of $8,000 of insurance on the life of B. Raleigh Martin, the St. Joseph attorney who died in Chicago, last January, were filed in the circuit court today by John E. Dolman, attorney for the estate. The defendant is the Guarantee Fund Life Association of Omaha.

There are two suits, one by the widow, Mrs. Mabel T. Martin, the other by Pauline E. Martin and Marion T. Martin, the last named a minor, children of the assured; and each suit is for $4,000, the face of the policy, plus damages for delay and attorney's fees. The policy of which the widow is beneficiary was taken out May 24, last, and that in the interest of the children September 5, last. It is alleged that the company assigned no reason for its refusal to pay the policies. The total insurance on the life of B. Raleigh Martin was $30,000.—St. Joseph News-Press.

THE U. S. DEBT

(Continued from page 1.)

training camps and an increased number into munition factories and industrial enterprises, there will be a serious shortage of men for farming purposes at a time when there will be the greatest need for them the country has ever known.

If we continue to sell food products to foreign countries during the war, it is easy to see the seriousness of the situation that is likely to follow. Food products have been rapidly mounting to unheard of prices during the past year when no great number of men were engaged in war preparations. The question of the future may not be one of price alone, but one of securing sufficient food at any price.

It is therefore of the greatest importance that every man in this nation who has or can secure a tract of vacant ground, plant it to some serviceable food crop. Everybody should take hold of this matter and before another year, if the war should so long continue, it will likely be necessary for the women and children to lend their aid as they have been doing in European countries. There ought to be a federal law passed to stop the slaughter of calves. So long as beef and leather are high and scarce at any price, it is a positive crime to kill six weeks old calves for veal. Meat of that age has little or no nourishing value anyway.

HIGH SCHOOL NOTES

By Garland Miller.

A special assembly was arranged by the students Tuesday afternoon. The famous cornetist, Robert Campbell, now a resident of this city, rendered some difficult selections which were so enthusiastically received that he responded with two encores. Mr. Campbell has an unusual record as a musician and it was a real treat to hear him.

All classes were cut short Wednesday afternoon so that those students who wished to attend the concert at the Normal could do so.

* * *

The Athletic association is working on new yell sheets, which will be printed some time before the track meet. The new sheets will contain the school songs and some new yells. On one page will be the records of the meet, the holders and the year the records were made. Beneath will be the names of the Maryville contestants and the events in which they are entered. Blank spaces will be left for memoranda of the order in which they finish and the time or distance they make.

A program was given Thursday evening beginning at 7:30 o'clock by the contestants who were entered in the literary contests of the Northwest Missouri Inter-High School association. They showed much improvement since the preliminaries which were held last Friday. At the close of the program it was announced that Marie Landfather would represent the school in the essay contest. Miss Landfather's subject was: "Robert Burns—His Message to the World."

Only $1.00 Still Puts This New Hoosier Cabinet in Your Home

You may choose between the celebrated Hoosier Beauty pictured here, and one of the famous Hoosier Wonders.

TERMS of the HOOSIER PLAN are These:

1—$1 puts the cabinet you choose in your home.

2—$1 weekly pays for it.

3—The Low Cash Price fixed by the factory prevails strictly.

4—No interest. No extra fees.

5—Your money back if you are not DELIGHTED with your Hoosier.

6—The sale is under direct supervision of the Hoosier Company.

The Immediate Closing

of this sale may be caused Monday by the number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come Monday, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This too, has happened. Which now is the best for you—to delay and take the chance of missing this opportunity or to come down Monday and find out about this cabinet so you can decide before it is too late?

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later — And you are deciding, remember, whether or not you will save miles of unnecessary steps you now take.

But unless you decide at once, you may decide too late to own this greatest of all Hoosier cabinets on this liberal Hoosier Plan. 1,000,000 women already have Hoosiers. Thousands are buying this new Hoosier every week. You should, without fail, grasp this opportunity and see this cabinet tomorrow.

Bevo

REG. U.S. PAT. OFF.

A BEVERAGE

A beverage with positive virtues. Better than just non-intoxicating—it's good for you. More than wholesome—it's a nutritive beverage. More than being refreshing—it's pure, free from bacteria. You will like *Bevo* for its goodness—it will repay you by its nutritive wholesomeness. Serve your guests with *Bevo*—then ask them what it is. They will make a guess, but they will be wrong.

Get *Bevo* at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and the crown top bears the Fox.

Percherons—Standards—Ponies

Kroiseur, as he appeared before the camera June 14, 1916, weighing (in ordinary flesh) 2,235, powerfully developed, yet he has abundant action and goes down the road with the ease and grace of a real Coach or Hackney horse.

His breeding cannot be excelled. He is an Imported son of **Carnot** (the highest priced Percheron ever sold) and his dam is a line bred Brilliant of the most approved strains.

Kroiseur and other good Percheron, Standard and Shetland Stallions are in service at my barn. Young stock for sale.
